

## What You Need to Know About ADS-B and NextGen

With all of the conversations going on about ADS-B it is easy to be confused about the requirements, benefits and limitations of ADS-B installations as well as the overlap between ADS-B and NextGen. This session will be a discussion about what general aviation owners and operators need to know to not only meet the 2020 ADS-B Out mandate, but more importantly, to understand NextGen as it applies to general aviation operations.

**Directions:** Take I-275 to exit 63 (Eastgate). Go East on SR-32 for approximately 3 miles. Follow signs to Clermont County Airport.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
